#### Management Commentary

"As expected, our fourth quarter remained active with investments and repayments continuing the trend seen over our first three quarters of 2017. For the full year, our portfolio generated net investment income of \$33.7 million, a 26.7% increase versus the prior year, and we invested a record \$214.7 million in debt and equity securities, including 14 new portfolio companies," said Edward Ross, Chairman and CEO of Fidus Investment Corporation. "As a result, we ended the year with investments in 60 active portfolio companies across 25 industries for a total portfolio fair market value of \$596.3 million. Through an underwriting discipline that is focused on capital preservation and quality over quantity, our NAV per share grew for the third consecutive year. Holding to our strategy of selectively investing in high-quality companies that operate in industries we know well, generate strong free cash flow and have a positive long-term outlook served us well in 2017. We intend to stay the course in 2018."

#### **(1) Supplemental information regarding adjusted net investment income:**

*On a supplemental basis, we provide information relating to adjusted net investment income, which is a non-GAAP measure. This measure is provided in addition to, but not as a substitute for, net investment income. Adjusted net investment income represents net investment income excluding any capital gains incentive fee expense or (reversal) attributable to realized and unrealized gains and losses. The management agreement with our advisor provides that a capital gains incentive fee is determined and paid annually with respect to cumulative realized capital gains (but not unrealized capital gains) to the extent such realized capital gains exceed realized and unrealized losses. In addition, we accrue, but do not pay, a capital gains incentive fee in connection with any unrealized capital appreciation, as appropriate. As such, we believe that adjusted net investment income is a useful indicator of operations exclusive of any capital gains incentive fee expense or (reversal) attributable to realized and unrealized gains and losses. The presentation of this additional information is not meant to be considered in isolation or as a substitute for financial results prepared in accordance with GAAP. Reconciliations of net investment income to adjusted net investment income are set forth in Schedule 1.*

#### Fourth Quarter 2017 Financial Results

For the three months ended December 31, 2017, total investment income was \$17.1 million, a decrease of \$(0.2) million, or 1.2%, from the \$17.3 million of total investment income for the three months ended December 31, 2016. The decrease was attributable to a \$(1.6) million decrease in dividend income due to decreased levels of distributions received from equity investments, a \$(0.1) million decrease in fee income resulting from a lower level of investment activity, and partially offset by a \$1.5 million increase in interest income resulting from higher average debt investment balances outstanding during the three months ended December 31, 2017 as compared to the same period in 2016.

For the three months ended December 31, 2017, total expenses, including income tax provision, were \$9.4 million, a decrease of \$(0.1) million or 1.1%, from the \$9.5 million of total expenses, including income tax provision, for the three months ended December 31, 2016. Interest and financing expenses for the three months ended December 31, 2017 were \$2.4 million, a decrease of \$(0.3) million, or 11.1%, from the \$2.7 million of interest and financing expenses for the same period in 2016. The base management fee increased \$0.4 million, or 18.2%, to \$2.6 million for the three months ended December 31, 2017 due to higher average total assets. The incentive fee for the three months ended December 31, 2017 was \$3.1 million, a \$(0.1) million, or 3.1%, decrease from the \$3.2 million incentive fee for the three months ended December 31, 2016, which is comprised of a flat income incentive fee and a decrease in the capital gains incentive fee of \$(0.1).

The administrative service fee, professional fees and other general and administrative expenses totaled \$1.1 million for the three months ended December 31, 2017, an increase of \$0.1 million, or 10.0%, as compared to the same period in 2016.

Net investment income for the three months ended December 31, 2017 was \$7.7 million, a decrease of \$(0.1) million, or 1.3%, compared to net investment income of \$7.8 million during the three months ended December 31, 2016, as a result of the \$(0.2) million decrease in total investment income, partially offset by a \$(0.1) million decrease in total expenses, including income tax provision.

For the three months ended December 31, 2017, the total net realized gain on investments was \$5.6 million, as compared to total net realized (loss) on investments of \$(8.1) million for the same period in 2016.

During the three months ended December 31, 2017, we recorded a net change in unrealized depreciation on investments of \$(0.3) million attributable to (i) the reversal of net unrealized appreciation of \$(4.3) million related to the exit, sale or restructuring of investments, resulting in unrealized depreciation, (ii) net unrealized depreciation of \$(5.4) million on debt investments and (iii) net unrealized appreciation of \$9.4 million on equity investments. During the three months ended December 31, 2016, we recorded a net change in unrealized appreciation on investments of \$12.9 million attributable to (i) the reversal of net unrealized depreciation of \$9.6 million related to the exit or sale of investments, resulting in unrealized appreciation, (ii) net unrealized depreciation of \$(2.4) million on debt investments and (iii) net unrealized appreciation of \$5.7 million on equity investments.

During the three months ended December 31, 2017, we recorded \$0.6 million of income tax provision from realized gains on investments. During the three months ended December 31, 2016, we did not record any income tax provision from realized gains on investments.

As a result of these events, our net increase in net assets resulting from operations during the three months ended December 31, 2017 was \$12.4 million, a decrease of \$(0.2) million, or 1.6%, compared to a net increase in net assets resulting from operations of \$12.6 million during the three months ended December 31, 2016.

#### Full Year 2017 Financial Results

For the year ended December 31, 2017, total investment income was \$68.6 million, an increase of \$8.4 million, or 14.0%, over the \$60.2 million of total investment income for the year ended December 31, 2016. The increase was attributable to a \$9.4 million increase in interest income resulting from higher average debt investment balances outstanding, \$0.8 million increase in fee income resulting from a higher level of investment activity and amendments, partially offset by a \$(1.8) million decrease in dividend income due to decreased levels of distributions received from equity investments during 2017 as compared to 2016.

For the year ended December 31, 2017, total expenses, including income tax provision, were \$34.9 million, an increase of \$1.3 million, or 3.9%, over the \$33.6 million of total expenses, including income tax provisions, for the year ended December 31, 2016. Interest and financing expenses for the year ended December 31, 2017 were \$9.9 million, a decrease of \$(0.7) million or 6.6%, compared to \$10.6 million for the year ended December 31, 2016 as a result of lower average balances of debt outstanding and lower weighted average interest rates during 2017 as compared to 2016. The base management fee increased \$1.5 million, or 18.1%, to \$9.8 million for the year ended December 31, 2017 due to higher average total assets during 2017 as compared to 2016. The incentive fee for the year ended December 31, 2017 was \$11.0 million, a \$0.6 million, or 5.8%, increase from the \$10.4 million incentive fee for the year ended December 31, 2016, which was the result of an increase in the income incentive fee of \$1.5 million, partially offset by a decrease in the accrual of the capital gains incentive fee of \$(0.9) million during 2017 as compared to 2016. The administrative service fee, professional fees and other general and administrative expenses totaled \$4.0 million for the year ended December 31, 2017, an increase of \$0.1 million, or 2.6% as compared to 2016, attributable to an increase in professional fees.

Net investment income increased by \$7.1 million, or 26.7%, to \$33.7 million during fiscal 2017 as compared to fiscal 2016, as a result of the \$8.4 million increase in total investment income compared to only a \$1.3 million increase in total expenses, including income tax provision.

For the year ended December 31, 2017, the total net realized gain on investments was \$18.0 million, as compared to total net realized (loss) on investments of \$(13.8) million for the same period in 2016.

During the year ended December 31, 2017, we recorded a net change in unrealized depreciation on investments of \$(5.5) million attributable to (i) the reversal of net unrealized appreciation of \$(14.4) million related to the exit, sale or restructuring of investments, resulting in unrealized depreciation, (ii) net unrealized depreciation of \$(14.2) million on debt investments and (iii) net unrealized appreciation of \$23.1 million on equity investments. During the year ended December 31, 2016, we recorded a net change in unrealized appreciation on investments of \$29.0 million attributable to (i) the reversal of net unrealized depreciation of \$21.5 million related to the exit, sale or restructuring of investments, resulting in unrealized appreciation, (ii) net unrealized depreciation of \$(10.3) million on debt investments and (iii) net unrealized appreciation of \$17.8 million on equity investments.

During the years ended December 31, 2017 and 2016, we recorded \$2.2 million and \$0.2 million of income tax provision for realized gains on investments, respectively.

As a result of these events, our net increase in net assets resulting from operations during the year ended December 31, 2017 was \$44.0 million, an increase of \$2.4 million, or 5.8%, compared to a net increase in net assets resulting from operations of \$41.6 million during the year ended December 31, 2016.

#### Portfolio and Investment Activities

As of December 31, 2017, the fair value of our investment portfolio totaled \$596.3 million and consisted of 60 active portfolio companies and three portfolio companies that have sold their underlying operations. As of December 31, 2017, three debt investments bore interest at a variable rate, which represented \$26.1 million of our portfolio on a fair value basis, and the remainder of our debt portfolio was comprised of fixed rate investments. Overall, the portfolio had net unrealized appreciation of \$18.5 million as of December 31, 2017. As of December 31, 2017, our average active portfolio company investment at amortized cost was \$9.6 million, which excludes investments in the three portfolio companies that have sold their underlying operations. The weighted average yield on debt investments as of December 31, 2017 was 13.0%. The weighted average yield of our debt investments is not the same as a return on investment for our stockholders but, rather, relates to a portion of our investment portfolio and is calculated before the payment of all of our and our subsidiaries' fees and expenses. The weighted average yield was computed using the effective interest rates for debt investments at cost as of December 31, 2017, including the accretion of OID and loan origination fees, but excluding investments on non-accrual status, if any.

Fourth quarter 2017 investment activity included the following new portfolio company investments:

- Consolidated Infrastructure Group Holdings, LP, a premier provider of infrastructure services and solutions. Fidus invested \$2.5 million in second lien debt and common equity.
- Gurobi Optimization, LLC, a leading commercial provider of optimization software for use in prescriptive analytics applications. Fidus invested \$21.5 million in subordinated debt and common equity.

- Mesa Line Services, LLC, a leading provider of outsourced electric utility infrastructure services in the Southwest United States. Fidus invested \$9.6 million in second lien debt and common equity and made a commitment for up to \$4.0 million of additional second lien debt.

As of December 31, 2017, we had investments in two portfolio companies on non-accrual status, which had an aggregate cost and fair value of \$18.7 million and \$7.1 million, respectively.

The Notes are listed on the NASDAQ Global Select Market under the trading symbol "FDUSL."

On February 27, 2018, we invested \$10.5 million in second lien debt and common equity of B&B Roadway and Security Solutions, LLC, a leading manufacturer of traffic control and perimeter security solutions.

#### First Quarter 2018 Dividend of \$0.39 Per Share Declared

On February 13, 2018, the Company's Board of Directors declared a regular quarterly dividend of \$0.39 per share for the first quarter of 2018, payable on March 23, 2018 to stockholders of record as of March 9, 2018.

When declaring dividends, the Company's Board of Directors reviews estimates of taxable income available for distribution, which differs from consolidated income under generally accepted accounting principles due to (i) changes in unrealized appreciation and depreciation, (ii) temporary and permanent differences in income and expense recognition, and (iii) the amount of undistributed taxable income carried over from a given year for distribution in the following year. The final determination of 2018 taxable income, as well as the tax attributes for 2018 dividends, will be made after the close of the 2018 tax year. The final tax attributes for 2018 dividends will generally include ordinary taxable income but may also include capital gains, qualified dividends and return of capital.

Fidus has adopted a dividend reinvestment plan ("DRIP") that provides for reinvestment of dividends on behalf of its stockholders, unless a stockholder elects to receive cash. As a result, when the Company declares a cash dividend, stockholders who have not "opted out" of the DRIP at least two days prior to the dividend payment date will have their cash dividends automatically reinvested in additional shares of the Company's common stock. Those stockholders whose shares are held by a broker or other financial intermediary may receive dividends in cash by notifying their broker or other financial intermediary of their election.

#### Schedule 1

#### Supplemental Information Regarding Adjusted Net Investment Income

On a supplemental basis, we provide information relating to adjusted net investment income, which is a non-GAAP measure. This measure is provided in addition to, but not as a substitute for, net investment income. Adjusted net investment income represents net investment income excluding any capital gains incentive fee expense or (reversal) attributable to realized and unrealized gains and losses. The management agreement with our advisor provides that a capital gains incentive fee is determined and paid annually with respect to cumulative realized capital gains (but not unrealized capital gains) to the extent such realized capital gains exceed realized and unrealized losses for such year, less the aggregate amount of any capital gains incentive fees paid in all prior years. In addition, we accrue, but do not pay, a capital gains incentive fee in connection with any unrealized capital appreciation, as appropriate. As such, we believe that adjusted net investment income is a useful indicator of operations exclusive of any capital gains incentive fee expense or (reversal) attributable to realized and unrealized gains

and losses. The presentation of this additional information is not meant to be considered in isolation or as a substitute for financial results prepared in accordance with GAAP. The following table provides a reconciliation of net investment income to adjusted net investment income for the three months and years ended December 31, 2017 and 2016.
